We work with local authorities and can provide everything needed to get us set up in your area. Both services are delivered online across England, with fixed costs and termly reporting against Section E.

Remote mentoring

One-to-one online mentoring for autistic young people, usually aged 11 to 16, during the school day. Structured around **The Autism Navigator**, our own programme, and led by the young person's interests. Includes session notes, termly progress reports and annual review contributions. Part of a wider package, never the whole of a young person's education.

SUGGESTED SECTION F WORDING

> [Name] will receive specialist autism mentoring, delivered online one-to-one by an experienced autism mentor, for [3 to 6] hours per week across [2 to 3] sessions during the school day, for 39 weeks of the year. Sessions will be structured around The Autism Navigator programme, led by [Name]'s interests, and will focus on re-engagement, emotional regulation, independence and life skills, self-understanding and self-advocacy, and planning next steps. The provider will keep session records, report termly on progress against the outcomes in Section E, and contribute to the annual review.

£70 an hour	Per week	Per 39-week year
3 hours a week	£210	£8,190
4.5 hours a week	£315	£12,285
6 hours a week	£420	£16,380

Commissioned as weekly hours, so a missed session can be made up when the young person is ready.

EOTAS coordination

A single point of contact for the whole package, led by a qualified teacher with SENDCo experience: EHCP review, multi-disciplinary meetings run and minuted, termly progress reports, annual review support, and early warning when a package is wobbling.

SUGGESTED SECTION F WORDING

> [Name] will receive EOTAS coordination from a qualified teacher with SENDCo experience, for up to [3 / 7] hours per month. [Name]'s views will be gathered in a way that suits them and will inform all planning decisions.
